

CALL FOR PAPERS

for the

A.C.H. SIGBOVIK 2007

(Organized by the Association for Computational Heresy)

a Workshop
Celebrating the 0x40th birthday of
Harry Q. Bovik

Send short Abstracts or full Papers by March 1st 2007 to:

info@sigbovik.org

Carefully investigate the Internet
at the following location:
www.sigbovik.org

Make sure your submission is not left in the very dust of progress!

We consider these topics to be of essential importance:

Inept Expert Systems, Deep Space Navigation, Science, Perplexity Theory, Thaumaturgic Circle, Self Adjusting Computation, Denotational Semantics of Pidgin and Creole, Natural Intelligence, Artificial Stupidity, Elbow Macaroni, Rasterized Love Triangles, Synergistic Hyperparadigmatism, Computational Archaeolinguistics, Hyper Driven Devices, & Related Fields.
